In the application, Section 1, Eligibility: there are eight criteria, criteria #1: the pre-licensure nursing program must be approved by IDFPR. Discussion: if one of ICN goals is to increase the number of qualified nursing faculty, should this criteria be broadened? Is this limiting the pipeline of faculty eligible for this grant? The Statute is broad and does not stipulate limiting fellowship award to pre-licensure faculty. Plan: consider recommend to IBHE to amend this eligibility criteria requiring current employment in only a pre-licensure program, so that nursing faculty teaching at the graduate level would also be eligible to participate Question: Would retired nursing faculty, consultants, emeritus faculty be eligible?
