Illinois LPN Continuing Education Frequently Asked Questions (FAQs)

The Department has received many inquiries regarding continuing education and in particular the upcoming Licensed Practical Nurse (LPN) license renewal by January 31, 2023. The questions and answers listed below will hopefully provide some clarification. Please note that a complete copy of the Nurse Practice Act and the Rules may be found on the Department's website (IDFPR.illinois.gov) or on the Nursing Workforce Center's website (<http://nursing.illinois.gov/nursepracticeact.asp>).

0. What recent CE requirements are there for Illinois LPNs?:
 - a. The implicit bias awareness training CE requirement (HB158, Public Act 102-004) for Illinois LPNs will begin as a license renewal requirement in **2023**. The law was passed, the Rules with detail are not yet final.
 - b. Sexual harassment prevention training CE requirement. A law passed in 2019 that went into effect on 1/1/20, which requires individuals with licenses issued by the Division of Professional Regulation (DPR) that require continuing education (CE) to renew their license also complete 1 hour of CE on the topic of sexual harassment prevention training. This CE requirement is included in the number of hours already required under the individual Acts and Rules and does not increase the number of hours required to renew a license. One (1) hour of sexual harassment prevention training CE course is intended to fit into the LPN licensee's regular CE requirements. 1 of the 20 hours of CE required for LPN license renewal must be a sexual harassment prevention training course.
 - c. Beginning with the **2023** LPN renewal, Illinois LPNs who provide health care services to and have direct patient interaction with adults 26 years of age and older will be required to complete a one-hour course in diagnosis, treatment and care of Alzheimer's disease, along with other dementia types. CE Curriculum will involve how to identify and diagnose Alzheimer's, effective communication strategies and management and care planning. This course may count toward the regular CE requirements (Public Act 102-0399, 20 ILCS 2105/2105-365).

1. What are the CE rules for LPNs who are renewing their license by January 31, 2023?
